

## Our School visits the "Secret Worlds of Eugene Trivizas"

The administration of the TIF - Helexpo, the national organization for Exhibitions, conferences and events in Greece, creates a unique theme park, with European standards based on the tales of the beloved writer Eugene Trivizas!

With high educational standards and strongly interactive and entertaining characteristics, "The Secret Worlds of Eugene Trivizas" await you to "hop on" the train

"Express of Dreams" also known as "the train that goes everywhere" and passengers along with the ingenious reporter Picos-Apikos, Achyroulis the scarecrow, Turturro the snowman, Pupou the fox and many heroes, enjoy a magical journey in countries unknown and distant jungles, listen to exciting stories, solve mysteries and inextricably defiance the intrigues of Frikadela the witch, and manage to overcome the traps that the Rooney-Rooney the insidious evil, little pig, sets, and finally share the unique magic of the tales of the internationally renowned, Greek writer.

My good friends,

The most famous way to get to the Fireworks Island is to go to the Ocean of Splashes and get caught up in a heart-shaped plank. The knobs must be just as many as the gulls you saw on the last day of the trip. As for the plank, it must come from the branches of a cherry tree on which nightingales had chirped in spring or from the cherry tree that in its hollow pink squirrels hid in the sunset.

But if it is not easy to get lost and be saved by such a plank, there is now another way, a unique opportunity to meet Lilly, the leopard, Puccini the white elephant, and all the rest of the company.

Everyone is waiting for you in the theme park "The Secret Worlds of Eugene Trivizas".

Eugene
